

Walk For A Cure

**Sunday
October 23, 2011**

**Almaden Lake Park
Winfield Blvd & Coleman Avenue
(Almaden Expy)
SAN JOSE, CA.**

10:30 AM - 2:30 PM

GIST (Gastrointestinal Stromal Tumor)

is a very rare orphan cancer that affects over 5,000+ patients in the U.S. alone. It is a ruthless, quiet cancer and many patients are diagnosed too late.

For now, there is no cure!

WE NEED YOUR SUPPORT.

Lunch Will Be Provided For All Participants

Please RSVP if you are coming to the San Jose Walk so that we can estimate how many lunches to order for that day.

Contact Email: Ichew58@gmail.com

If you cannot attend the Walk, please send your contributions to

THE GIST CANCER RESEARCH FUND

Mail Donations To: GCRF, 55 Saw Mill Road, New City, NY 10956
